Many players have progressed on from the TSC Scholarship to play semi-professionally as well as several players receiving scholarships to play and study in the USA.

The TSC Post 16 Football scholarship is for players who want to reach their potential as a footballer.

TSC Scholarship programme has a progressive structure with Development and Elite streams.

Our development streams which run directly from St Georges School and Ursuline College will compete in the Kent Academies League, with the Elite stream representing Ramsgate FC in the National Youth Alliance League.

All players will train 2-3 times a week and compete in the respective leagues, players will have the opportunity to move between the development and Elite streams based on their performance and development.

All training sessions and games take place during the school timetable alongside each players academic studies. The scholarship places high priority on the players academics, our partnerships with both the Ursuline College and St Georges allow us to offer a wide range of A level and Vocational qualifications so that all players in the programme can receive an excellent education.

Fixtures are filmed to allow players to review their performance with footage being used for analysis work to help players improve. All players receive coaching from highly qualified, experienced, and professional football coaches.

A full fitness programme including SAQ work, strength and conditioning work, with individual training programmes and structured, periodical fitness testing. Each player will receive training on individual technical ability and tactical understanding to prepare them for a potential future in the game. Goalkeepers will also receive goalkeeper specific training from TSC's Goalkeeper Coaches.

Many players have progressed on from the TSC Scholarship to play semi-professionally as well as several players receiving scholarships to play and study in the USA. Our Elite stream link with Ramsgate Football Club provides a clear pathway for players to move into semi-professional football at a respected local club.

All players will be given the opportunity to take coaching badges and earn a qualification which can lead to a career in coaching or other areas of sport. We will fully fund each players Introduction to Coaching Footballers Course which may also lead to potential employment with TSC for those who wish to take on coaching as a career. Several of our former scholars now work full time for us as coaches after moving from school into an apprenticeship with us.

All players will also receive a Nike kit package which they wear during the school day.

COACHING STAFF

ALEX FITZJOHN

Elite Squad Coach and St
Georges Head Coach

Alex is a UEFA B licence coach who coaches our Elite Squad and leads our St Georges programme, as well as our Thanet and Faversham academies. Alex has worked in Gillingham Academy as a head coach as well as having roles with Charlton Athletic and Greenwich University during his career.

JOE ROWLAND

Elite Squad Coach and Ursuline
Head Coach

Joe is a UEFA B licence coach and coaches our Elite Squad as well as leading our Ursuline programme. Joe works full time for TSC as a schools and academy coach, as well as previously working for Gillingham FC Academy as a head coach.

SEB TIDEY

Scholarship Technical
Director

Seb oversees the scholarship programmes and curriculum at all our venues. Seb is a UEFA A licence coach who has extensive experience working in professional academy football as well as semi-professional first team football. He has previous experience coaching in the USA and Australia as well as with Charlton Athletic and local semi-professional first teams. Seb also works for the FA as a coach developer, helping to develop coaches across the country.

HARRY BROOKS

Goalkeeper Coach and
Development Squad Coach

Harry has worked for TSC for several years in our Academy and Schools Programmes. Harry has played as a goalkeeper professionally in Europe and is currently playing semi-professional football. Harry coaches our development squads as well as running specialist goalkeeper sessions across all our scholarship programmes.

GEORGE WEBSPER

Development Squad
Coach

George is a former TSC Scholar who now has extensive experience coaching within our academy and school's programmes. George has previously coached at semi-professional level and now coaches our development squads.

SCOTT TIFT

Strength and Conditioning
Coach

Scott is a Level 3 Qualified Personal Trainer and Level 2 Nutritionist; Scott runs the strength and conditioning aspects of the scholarship programme.

- 1 x Training bag

URSULINE COLLEGE

The Sixth Form at Ursuline College offers fantastic opportunities for students to study and further their skills with excellent and innovative teaching, thereby enabling students to gain the qualifications and experiences needed to access university, further education and the careers of their choice.

We are very proud of the Sixth Form at Ursuline College and the achievements of our students. In 2023, a third of students studying academic A-Level qualifications achieved grades A*- B and over two thirds of students achieved a C grade or higher. Our vocational programmes boast impressive results with 50% of students achieving a Distinction (A equivalent) or higher and over 90% achieving a merit (C equivalent) or higher. These students have progressed to

study a wide range of subjects including Business, Biomedical Science, Clinical Psychology, Computer Science, Criminology, Education, English Literature, Forensics, History, International Relations, Journalism, Law, Nursing, Paramedic Science, Sport Science and Sport Therapy. We also have students who have taken up apprenticeships in Border Force, Business Management, Dental Nursing, Hospitality, Kent Police, local government, car mechanics, real estate, and sport coaching (including football) and management.

We offer a wide range of academic and vocational courses at Level 3 (with resit opportunities at Level 2 English Language and Mathematics) alongside a tutorial programme that offers guidance for students in study skills, careers advice, and higher education applications.

With 24 subjects on offer, Ursuline College Sixth Form offers students the ability to extend their experiences in subjects they find invigorating, challenging and enjoyable. The Academic A Level subjects on offer are Biology, Chemistry, English Literature, French, Geography, German, History Mathematics, Media Studies, Physics and Religious Studies. The Vocational qualifications on offer are Art and Design, Business Studies, Criminology, Dance, Health and Social Care, Information Technology, Music, Psychology and Sport.

We are confident that you will find the Sixth Form challenging, rewarding and an excellent preparation for a successful and exciting future. For more information, and to request a copy of our prospectus, please email sixthform@ursuline.kent.sch.uk.

St George's Church of England Foundation School Sixth Form provides a variety of vocational qualifications at Level 3 allowing pupils to study a combination of courses that suit their interests. Results in the school's post-16 qualifications are consistently high with the average grade at a Distinction in the latest performance tables.

The school has values based on compassion, forgiveness, friendship, hope and wisdom to make every pupil feel like part of the St George's family. This extends to the parents of their Sixth Form pupils where

the school keep in touch on a regular basis through email newsletters, Parents' Evenings and Academic Overviews.

The Sixth Form provides a rigorous Personal Development curriculum alongside the vocational subjects on offer to enable our pupils to reach their goals beyond Sixth Form. The school is passionate about ensuring all pupils are given the tools and advice to progress on to university, apprenticeships or full-time employment depending on their aspirations.

The Sixth Form offers vocational courses in Applied Law, Applied

Psychology, Applied Science, Art, Business, Engineering, Health & Social Care, Sport and Travel & Tourism. If needed, pupils are also able to re-sit their GCSE English Language and Mathematics. There is also the opportunity to study Core Maths as an extra subject for those pupils that enjoy mathematics and are looking to gain extra UCAS points towards their university applications.

The school lives by its vision of 'every moment, every day, every individual counts'.

ST GEORGE'S

RAMSGATE FOOTBALL CLUB

Our Elite Squad is run in partnership with Ramsgate Football Club. Ramsgate Football Club have a first team and under 23's team that have a core of Thanet based players; the club aims to increase the number of local players in their senior squads. The aim of our Elite squad is to provide pathways for players from the area into the Ramsgate FC senior squads. Players who attend the scholarship programme will receive coaching that

will help them develop as individuals to help prepare them for the potential step into senior football. The Elite Squad will play in a similar style to the Ramsgate senior sides to allow for an easier transition, with the Elite squad overseen by our Director of Coaching Seb Tidey who also oversees the senior Football at Ramsgate Football Club.

The Elite squad will form a key part in Ramsgate's ambitions to develop more

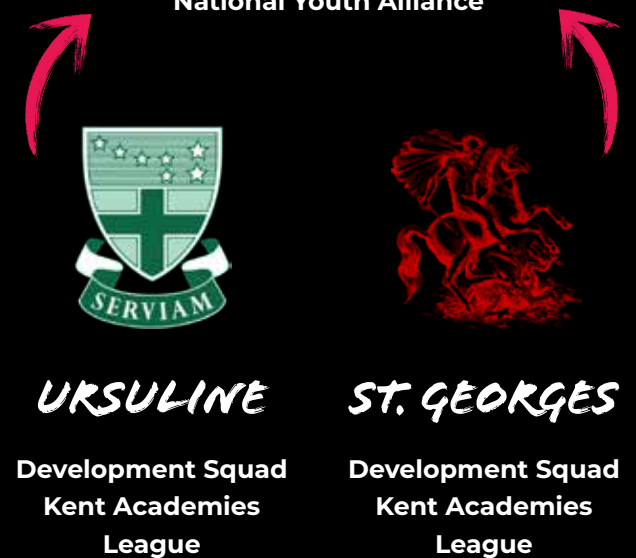

homegrown talent and will be constantly monitored by the first team and under 23's management to provide pathways for players through to the first team.

Training for the Elite Squad will take place at the excellent facilities in the WW Martin Community Stadium, which will also be the venue for home fixtures.

National Youth Alliance

RAMSGATE FC

CHAIRMAN COMMENTS

Our first team is full of Thanet based players and we strongly believe that this is the basis of such a strong connection between local families and our first team. For us the next step is to have a core of first team players that have come all the way through our youth section and critical to this is a high-class post sixteen academy. We have wanted to set up our own academy for several years, but a key priority is ensuring that our players education comes before everything else, and we have never felt that the options available to us supported them

in building a future both in and out of football.

We are absolutely delighted to announce a new partnership with local company TSC as this achieves these goals and will form the basis of our academy team. The team will play in the national league U19 alliance division and a partnership with two local schools. This will mean that players have the options of both A levels and BTECS in any subjects that they choose. UEFA A and first team coach Seb Tidey will also oversee the players development and there

will be a strong connection with our U18 prem, U23 and first teams.

Our U23 team is a source of great pride to many at the club. The core of very young local based players attracts a large following to their home games. We want more local players to follow in the footsteps of the extensive number of players who have recently made their first team debuts.

PHYSIOTHERAPY & GOALKEEPER COACHING

We are partnered with Momentum Healthcare who provide physiotherapy and treatments for all our scholarship players.

A physio attends our training sessions to help players with any short and long-term injuries, strengthening programmes and any rehabilitation that is needed. This is vital for helping to keep our players fit and healthy through the demands

of full time training. The specialist attention also helps all our players through their development from youth to adult football in terms of their strength and conditioning.

Momentum healthcare is a Thanet based company who provide a wide range of manual therapy services for the specialist treatment of musculoskeletal pain complaints.

They employ healthcare professionals including Osteopaths, Sports medicine Specialists, Physiotherapists and Sports Masseurs. Their physio's have extensive knowledge of working in sporting environments with athletes.

momentumhealthcare.co.uk

We offer Goalkeeper Specific coaching to players who play in this position. These sessions are run by qualified coaches with experience of working with goalkeepers.

COACHING ACADEMY

As well as our playing scholarship we also run a coaching academy. The coaching academy is for sixth form pupils who have an interest in entering the world of sports coaching, teaching, leadership roles or other roles in sport. The 2-year course will run alongside the students' academic studies, during the school day. This is not a football specific programme, coaches can choose to specialise in a particular sport that they have a passion for, or can take a more multi-sport focus.

The coaching academy will give students experience of working with a variety of children, people in schools and the community in a sports coaching role. As well as this they will gain recognised qualifications in the form of a Sports Leader Level 3 Qualification (which earns UCAS points) as well as enhancing towards a national governing body qualification in a sport of their choice.

The coaching scholarship is a 30-week programme which is carried out during the school academic year. The coaching scholarship will help to give practical experience in coaching children as well as studying the theoretical side of coaching. Students will get to work alongside coaches with an extensive experience to help guide their learning. The students will work within the primary and secondary school as well as other schools and the community. They will gain experience as well as having coaching courses in their chosen discipline which is funded for them.
